

MEMORIAL DAY

Commencements Are Scheduled By Indiana Colleges

By United Press International
Indiana's annual round of college and university commencements begins this weekend, with more than 30 educational institutions scheduled to present degrees to nearly 20,000 graduates in a series extending to mid-June.

St. Francis College at Fort Wayne held its exercises today on the Memorial Day holiday with Dr. Peter S. Mousolite, regional representative of the Commission of Education of the Department of Health, Education and Welfare as speaker.

Schools having commencement on Sunday, May 31, include Purdue, where 4,070 degrees will be presented plus eight honorary degrees to alumni and staff members; Indiana State, where 1,441 degrees will be presented and honoraries will be given Governor Welsh and Indiana University Chancellor Herman B. Wells; Hanover, where Prof. Robert W. Austin of Harvard is the speaker, and Marian of Indianapolis, where 123 seniors will be graduated.

The schedule for Monday, June 1, includes Evansville, Marion, Manchester and Fort Wayne Bible College.

Evansville has 340 graduates, Marion 70, Manchester 266, and Fort Wayne 53.

Saturday, June 6, is commencement day for 235 seniors at Tri-State College at Angola, and Monday, June 8, marks the commencement date of Indiana University, where 5,350 degrees will be presented and recipients of honoraries include Gen. David M. Shoup, retired commandant of the U. S. Marines, and Bishop Reuben H. Mueller, president of the National Council of Churches.

The biggest commencement day of the season is Sunday, June 7. DePauw, Ball State, Butler, Notre Dame, Indiana Central, Wabash, St. Joseph, Valparaiso, Earlham and Franklin will present a total of more than 4,500 degrees.

Assistant Secretary of State Thomas C. Mann is the commencement speaker for Notre Dame's 1,430 graduates. DePauw's 500 seniors will hear Dr. John W. Oswald, an alumnus now president of the University of Kentucky. Ball State's 1,150 grads will be addressed by Dr. William S. Carlson, president of the University of Toledo. Wabash has 166 seniors, Valparaiso 500, and Franklin 110. The Butler speaker for 380 grads is Prof. Douglas Bash of Harvard.

As usual, Anderson College has the final commencement in the series. On Monday, June 15, at the opening session of the annual International Convention of the Church of God, which sponsors the school, diplomas will be given 135 seniors.

News Of Boys

Airman 1st Class John P. Barns Jr. is leaving Athens, Greece, today by plane for New York, where he will get his discharge from McQuire Air Force Base.

He is the son of Mr. and Mrs. John P. Barns, 4 Paradise Lane, Greencastle.

20 Years Ago

Thomas A. Nelson was here from Chicago.

Lt. Robert Cook was here from the Altus Army Air Field, Altus, Oklahoma, visiting his father, Fred Cook.

F. Dean Bechtel, of Garrett, State Commander of the American Legion, was the Memorial Day speaker at Forest Hill Cemetery.

THE GOOD OLD DAYS

Taken from files of 1908.

Mrs. Fred Goodwine entertained about thirty friends yesterday afternoon at five hundred. The house was tastefully decorated for the occasion, yellow chrysanthemums being the center of the decorative scheme. There were seven tables making places for twenty-eight guests. Elaborate refreshments were served at the close of the afternoon's pleasure. It was a most delightful social event.

Superintendent Cosner is mounting four fire gongs for use in the dorm and in Florence Hall. Two will be placed in each building, one in the upper hall and one in the bell boy's office. The gongs are so arranged that if either is sounded at any time the second will give alarm in the other parts of the building, affording instant notice of fire throughout the entire three stories as the gong in the upper hall can be heard in the halls in both the second and third stories. The gongs will be always ready for use as there is no electrical connection which can get out of repair.

The doctors of Lawrence County, Bedford, Indiana, according to the Bedford Mail, met and adopted the following scale of prices to be in force in that county from this time onward:

Visit in the city if pay is good, \$2.00. Visit in the country on pike, \$1.00 per mile extra. Produce, poultry, quilts or socks accepted in payment. Operation for Liveritis, a la Abe Martin, \$50.00. Open gum boil, \$1.00. Pulling teeth, each 50 cents. For bleeding the patient in the "nachual way," \$3.00. For pulling the patient's leg, \$5.00 to \$10.00. For attending all injuries due to being run over by automobiles, 50 cents extra. Treatment of automania, \$50.00 to \$100.00. For straightening automobile faces, \$50.00 to \$100.00. When expensive medicine like Karagon Compound and Malena Salve are furnished extra charge shall be made.

Donald McLean, son of Mr. and Mrs. Ewing McLean was accidentally shot through the right leg just above the knee with a .38-calibre revolver, at his home last night (Dec. 4, 1908). The bone of his leg was splintered by the bullet and the boy will be confined to his home for several weeks. A coincidence is that three similar accidents have happened in the McLean home in the past eight years. About eight years ago Raymond Duncan started out of the McLean home with Mr. McLean's gun when it was accidentally discharged. The bullet passed through Duncan's foot. Three years ago Donald was accidentally

Bainbridge Girls Receive Awards

Junior Girl Scout Troop 282 and Brownie Troop 207 of Bainbridge held Court of Awards and Fly-up ceremony at the Bainbridge Methodist Church Wednesday afternoon, May 20. The junior girls earned the Sign of the Arrow which included backyard fun, songster and cook badges. They also earned extra badges. Aside from badge work they had an all day outing at Camp NaWaKwa, attended the girl scout birthday party at the Armory, selling girl scout cookies, a cookout with the Roachdale junior scouts, a service project of making candy for shut-ins, and a workshop at Brazil, Ind., was attended by Pam Barton, Judy Roth and Denise Hess. The junior scouts are Jeretta Baker, Darla Goode, Denise Hess, Donna Gould, Diana Dozier, Carla Evans, Diana Edwards, Judy Roth, Pam Barton, Marsha Nichols, Deena Dearing, Joanna Hendrick, Mary Cochran, Beverly McFarland, Debbie Scobee, Teri Shonk-wiler, Marsha Solomon, Gail Woodall, Rita Corlett. Troop leaders are Mrs. Joe Hess and Mrs. Ernest Roth.

The junior girls welcomed the Fly-Ups after they repeated the laws and Girl Scout Promise. Each Fly-Up lit a candle as they said the laws. They received their wings from their leader and the pins from the junior leaders. The girls are as follows: Carla Miles, Cindy O'Hair, Jeretta Summers, Jennifer Summers, Russ Lo Roaker, Becky Cox, Donna Huffman, Gail South.

The troop leaders are Mrs. Glean Steele, Mrs. Don Evans, and Mrs. Robert Miles. Refreshments were served.

Confirm Nominations

WASHINGTON UPI — The Senate confirmed the nomination of William McCormick Blair Jr. to be ambassador to the Philippines.

Blair, a Chicago attorney and longtime associate of U.N. Ambassador Adlai E. Stevenson, has been serving as ambassador to Denmark.

Memorial Day is more than a time to pay tribute to our honored dead. It is a time of rededication . . . to our country, our ideals, our hopes for a future assured of peace. The men who died for our country upheld these ideals . . . it is up to us to draw full meaning from their sacrifices, so they will not have died in vain.

Russia Has Outer Space Pictures Of U. S. Military Bases: Nikita

PARIS UPI—Premier Nikita Khrushchev claims the Soviet Union has photographed shore flights in neutral waters and United States military installations from "outer space," according to former Sen. William Benton of Connecticut.

Benton said Khrushchev made the assertion during an interview in the Soviet leader's Kremlin office.

Benton, presently chairman of the board of Encyclopaedia Britannica, flew to Paris from Moscow.

Benton said Khrushchev urged that the United States

State Police To Ask For Funds

INDIANAPOLIS UPI — The Indiana State Police Department revealed today it will ask the 1965 Indiana Legislature for \$591,050 for new construction and repairs of installations for the 1965-67 biennium.

Supt. George A. Everett said \$646,000 of the amount was sought for construction of a headquarters service building at Indianapolis, garages at Connersville and Seymour, and storage buildings at South Bend, Schererville, Fort Wayne, Peru, Kentland, Redkey, Terre Haute, Versailles and Bloomington.

He plans to return to Butler in the fall.

Memorial Rites Are Held Today At Forest Hill

Police Issue Dog Warning

Numerous complaints are reported by the city police department regarding dogs digging and tearing up gardens in Greencastle.

There is an ordinance that requires dog owners to keep their pets confined to their premises.

Unless this is heeded, the police will be forced to destroy canines found running at large.

Priest Honored By Radio Award

David Priest of Bainbridge was the recipient of the WFEM radio sportscasting award at the recent Honor Day program in Clowes Hall at Butler.

Upon completion of semester finals he will leave for Harrodsburg, Ky., where he has accepted a role in the rugged outdoor drama, "Home Is the Hunter." This summer stock theater at Pioneer Memorial State Park opens for nightly presentations June 27 and closes Sept. 6.

Three weeks prior to the opening date will be spent in rehearsals, promotion, etc., and David will be active as theater technician during that time.

He plans to return to Butler in the fall.

GOP Candidate

INDIANAPOLIS UPI — L. Russell Scott, Edinburg, paid his Indiana Republican state convention assessment and qualified to be a candidate for lieutenant governor at the June 9 nominating convention.

Scott was the second to pay his fee as a candidate for that nomination. The first was John R. Ryan, Indianapolis.

Memorial Day, 1964, was generally observed in Greencastle and Putnam County today with most places of business being closed in observance of the holiday.

Short but appropriate rites in honor of the American dead of all wars were conducted in Forest Hill Cemetery at 10 a.m.

Members of Cassell C. Tucker Post 58 American Legion, Gen. Jesse M. Lee Post 1550 Veterans of Foreign Wars, and World War I Barracks 114 participated in the ceremony.

Rev. Francis Kull, of St. Paul's Catholic Church, offered prayer at the Civil War Monument.

A combined color guard and firing squad of Legion and VFW members were in attendance.

The sounding of Taps was preceded by a three-volley salute.

Several residents of the community were at the Indianapolis Motor Speedway for the annual 500-mile auto race.

Many spent the day at nearby lakes and streams.

Still others had family gatherings at home or elsewhere and listened to the race by radio while enjoying pitch-in dinners.

A number of local people took advantage, in a number of instances of a Friday, Saturday and Sunday vacation, to travel some distances to see relatives or friends.

Drivers Urged To Use Caution

Now that school is out, city police ask that drivers of automobiles, trucks and other motorized vehicles to be on the alert for youngsters playing in the street.

Some children, at one time or another, will dart out from behind or between parked cars and dash across a street.

The traveling public is urged to be on the watch to prevent serious injuries or possible fatal consequences to Greencastle's younger generation.

Board Of Review Convenes Monday

Monday morning, the Putnam County Board of Review will convene in the court house to scan the tax assessments as compiled this Spring.

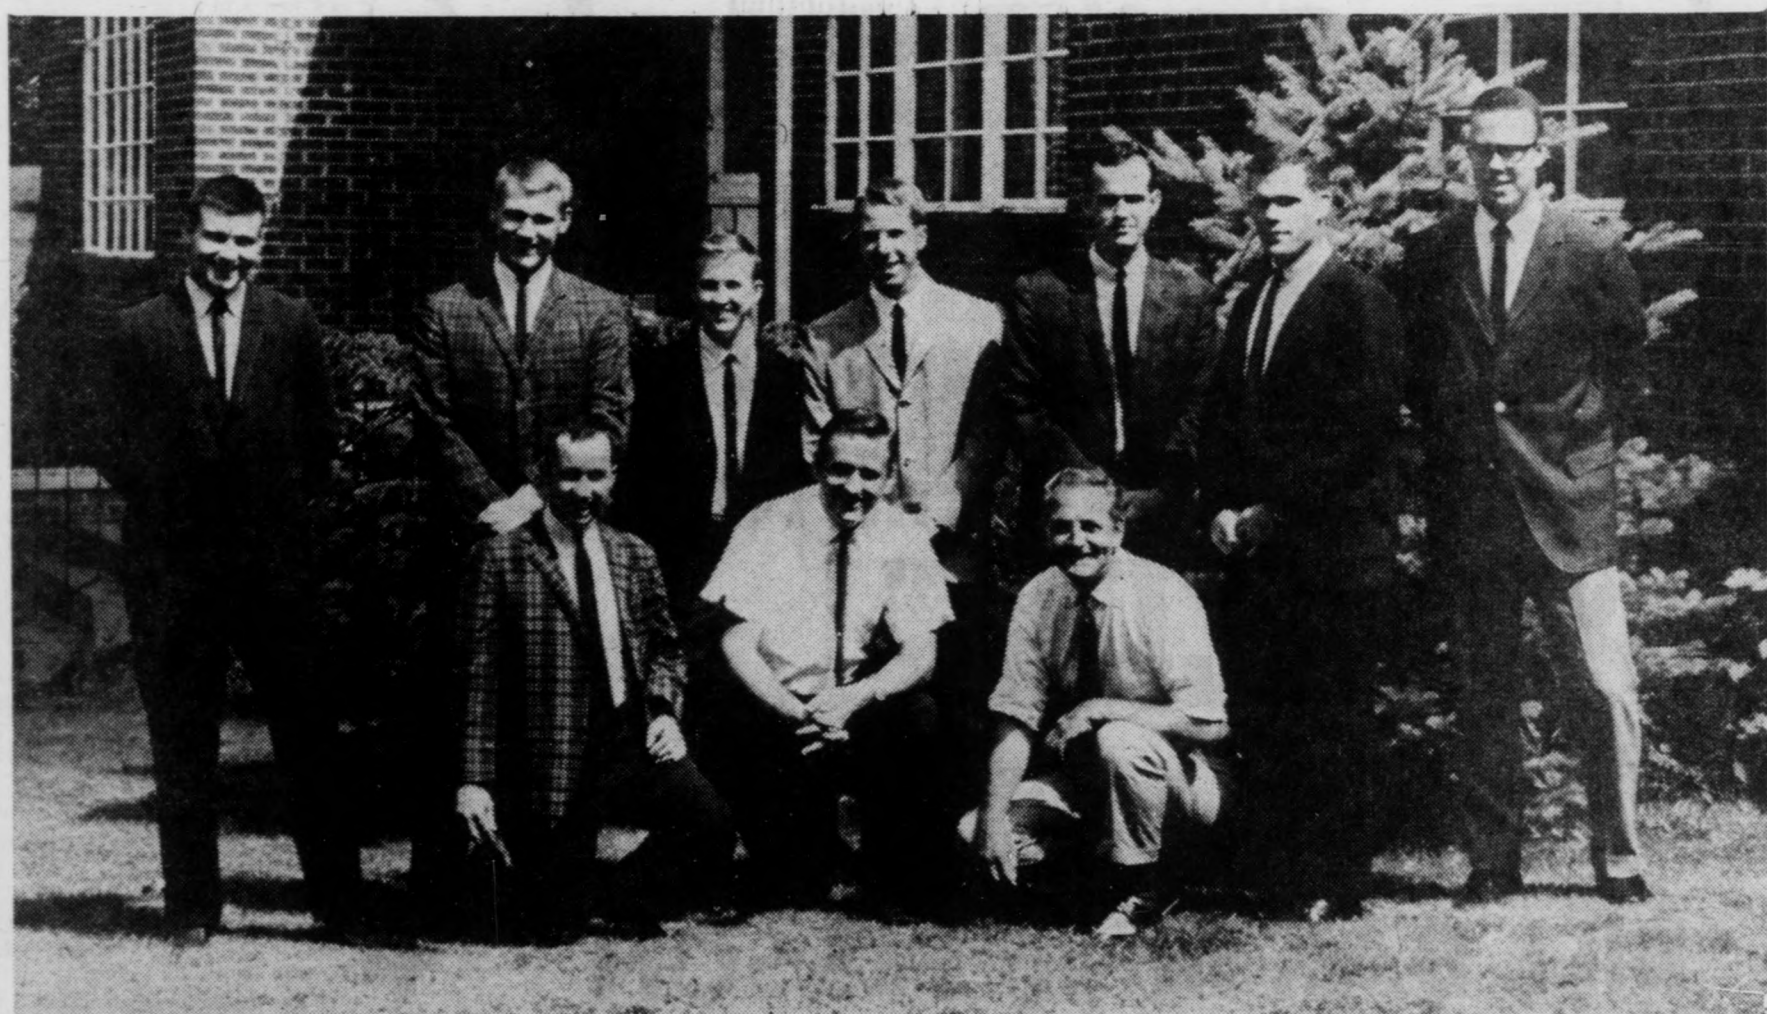

Members of the board are Auditor Carl Arnold, Treasurer Roland Lane, Assessor Frank Sutherland, by virtue of their offices. Appointed by Judge Francis N. Hamilton to serve on the board are Eston Cooper, Roachdale; O. B. Foster, Cloverdale, and Estil Meek, Greencastle.

Plant Workers Vote For Strike

LAFAYETTE UPI — Majority of voting members of Local 115 of the Aluminum Company of America here voted in favor of a strike, but the percentage of affirmative votes was not great enough to approve such a move.

The workers voted on whether the union would authorize a sympathy walkout in support of a strike by Local 240 of the Aluminum Workers of America, AFL-CIO, at the Massena, N.Y., plant of Alcoa.

The vote was 57 per cent for and 43 against a strike, but union bylaws required that two-thirds of those voting approve such a move, so the percentage was insufficient.

Camp Voyageur Personnel Meet In Greencastle

Anticipating a summer at Camp Voyageur, Ely, Minnesota brings smiles to the faces of these men as they assemble for a staff orientation dinner and meeting with the Charles Erdmanns on Sunday, May 24th, in Greencastle. They are: (back row, left to right): Rick Ferrell, John Thomas, Ron Kauffman, John Vidal, Bucky Walters, Schyler Huck and John Repp. All of these men, with the exception of Mr. Kauffman, who attends Indiana State, are students and members of varsity athletic squads at DePauw. Front row, left to right: Dave Sturges, (Law School, Michigan University); Dave Cserep, teacher in South Bend Schools, and Mr. Erdmann, swimming and tennis coach, who owns and directs Voyageur.

Other members of the staff, who were unable to be at this meeting are: Andy Thomas (Oberlin College), son of Mr. and Mrs. Paul A. Thomas; David Burkett (Wooster College), son of Mr. and Mrs. Howard Burkett; John Alden (Duke University) Rockville, Indiana; Harold Wheeler, Athletic Director, Brazil; John Griffin (Dartmouth) and George Olson, wrestling coach at Wheaton College, Wheaton, Illinois.

Camp Voyageur maintains a ratio of one man to every four campers and offers a complete athletic program as well as one which specializes in all aquatic sports—with particular emphasis upon canoeing and fishing. The camp attracts boys from all over the country. A large group of Greencastle boys will be among these opening the season there on June nineteenth. Among them will be several boys who are veterans of three camping summers and quite a number who will be second-year Voyageurs.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Woody Porter, 1309 Bloomington Street, wish to announce the engagement of their daughter, Shirley Mae, to Richard L. Hatcher, son of Paul Hatcher, 409 Elm Street. A September wedding is being planned.

Miss Olivia Tesak of Pittsburgh, Pa., became the bride of Dale M. Lanzone, son of Mr. and Mrs. Charles P. Lanzone of Greencastle. The wedding took place in JaLolla, Calif., on May 2nd.

Mr. Lanzone is in the U. S. Navy and at present is Radarman on the USS St. Paul based at San Diego, Calif.

Gas Explosion Wrecks School

WINDSOR, Ont. UPI — An explosion shattered the St. Thomas School in suburban Riverside early Friday seconds before the morning bell was to call 300 pupils in to classes.

Fire department officials said a power shutoff working near the school pulled apart a two-inch gas line. A water heater in the janitor's room in the basement of the three-story structure was believed to have ignited the gas moments after early arrivals had been evacuated.

Truck driver Karl Coates, 34, Windsor, and the janitor, Ralph Parent, 49, told police they smelled gas when the line broke. They sounded the alarm and cleared the school of students and teachers. Most of the students had not entered the building.

Ellis Boomed For Governor

By United Press International
Backers of former State Sen. G. Richard Ellis of Kokomo pressed a campaign to build him up as the compromise candidate if a hot race for the Indiana Republican governor nomination is deadlocked between major

contenders.

Ellis, one of seven GOP aspirants for governor subject to the will of delegates to the June 9 state nominating convention, told a Muncie meeting of Delaware County delegates they must not be "content to win June's battle and lose November's war."

Ellis referred to the state convention as "a thinking man's convention" and urged the nomination of a ticket that can win next fall—including him, of course, on the grounds that he "represents the entire Republican party and not just one faction."

Charges Dismissed

INDIANAPOLIS UPI — Preliminary charges of murder against Rafail Y. Shteivi, 41, Indianapolis, in the strangling of a woman whose nude body was found in a downtown hotel room May 19, were dismissed by Judge John C. Christ in Marion Municipal Court 5.

The charges were dropped for lack of evidence. Shteivi contended he was in a Mooresville restaurant the night of the slaying of Mrs. Dorothy Johnson, 43. A waitress confirmed his contention.

"STRIKE" ENDS
NEEDLES, Calif. UPI — Exercise Desert Strike, massive military training maneuvers involving 100,000 men, officially ends Saturday — in the midst

of the Memorial Day holiday weekend.

The make-believe war between the fictional nations of Nezona and Calonia resumed Thursday night after a one-day "administrative break" and fighting continued for control of the Colorado River.

Another accidental death was reported, bringing to 12 the number of men killed during the two weeks of maneuvers on the desert. Twenty other soldiers died—mostly in traffic accidents—during preparations for the exercise.

The latest victim was PFC William H. Wilson, son of Mr. and Mrs. John H. Wilson of St. Regis Falls, N.Y., attached to Company A, 63rd Quartermaster Battalion, First Logistical Command, Ft. Hood, Tex. He drowned Wednesday while swimming in an irrigation canal near Parker, Ariz.

Bible Thought

He said unto them, Come ye yourselves apart into a desert place, and rest a while. —Mark 6:31.

God rested on the seventh day after creating the world. Jesus rested during His ministry here on earth. Jesus also taught His disciples to rest. Should not a Christian use his time of rest in a way that will serve God and honor Him?

Club Met With Mary Frances Strain

It will take 12 days or 96 hours to just give the exhibits at the 1964-65 New York World's Fair a quick once-over, members and guests learned at the regular meeting of the Chéz Nous Home Demonstration Club Wednesday evening at the home of Mrs. Mary Frances Strain.

In a film narrated by the radio and TV comedy team Ethel and Albert, club members viewed many of the more than 200 exhibit pavilions located on the 646 acre Flushing Meadow site.

Two free admission tickets to the Fair were presented by the hostess to Mrs. Virginia Brann, as the door prize. The film and tickets were compliments of The Travelers Insurance Companies.

Mrs. Dave Young presided at the meeting. An interesting lesson on Blending Old and New Furniture was presented by Mrs. Donald York to the sixteen homemakers present.

IN MEMORY

In loving memory of our husband, father, and grandfather, John E. Ogles, who passed away, May 30, 1955. Today brings sad memories, Of a loved one gone to rest, He will never be forgotten By the ones who loved him best.

His life is a beautiful memory His absence a silent grief He sleeps in God's beautiful garden. In the sunshine of perfect peace. Sadly missed by wife, son and family.

IN MEMORY

In memory of Henry E. Hayes, May 31, 1959. They say out of sight, out of mind, This is not true I find, Five years ago you went away, Seems more like 100 years ago today.

I miss you more with every year, Each day I wish that you were here; Memories are beautiful things, Dear, Someday, somewhere we'll meet again.

IN MEMORY

In loving memory of our dear husband and father, Albert Wills, who passed away one year ago May 31.

A year has passed dear daddy And long it seems it's true. Sad have we been deep in our hearts Since the master called for you. Your life was full and busy The shock to us severe when you grew ill

We little thought the end was quite so near. Then day by day we sat and watched you slowly fade away. Yet in our hearts we hoped and prayed that God would let you stay.

Oh! how we miss you dearest one, as you quietly lie at rest, But thinking now of God's great plan we know that he knew best.

Those dear tired hands are resting now; The voice we loved is still But the place you held within our hearts Can never more be filled.

More and more our thoughts Do wonder to that grave not far away, Where we laid our dear one Just one year ago today.

Some sweet day we hope to meet you, In that heavenly home so fair Where with Jesus and our loved ones You'll be waiting for us there.

Sadly missed by wife Mary and son David.

Bullets Riddle King's Cottage

By United Press International

Bullets riddled an unoccupied beachfront cottage rented by Martin Luther King and a shotgun blast shattered two windows of another integration leader's automobile yesterday at

St. Augustine, Fla. Newsman confirmed reports of other Negro leaders that 19 rifle bullet holes and some shotgun pellets had punctured the beach cottage King had rented.

St. Johns Sheriff L. O. Davis said the incident had not been reported to him.

Harry G. Boyte, a white assistant of King, said he and Negro leader C. T. Vivian had stayed in the house the night before but stayed elsewhere Thursday night and left the light on "as a decoy."

Boyte also said a window in his car was shattered by a shotgun blast. Boyte said the shot was fired from a car which followed him when he stopped in front of a motel.

WORST LEGISLATION DEFEAT NOW FACING PRESIDENT? ROBERT KENNEDY LOOMS AS BEST RIGHTS MAINSTAY

By HENRY CATHCART
Central Press Washington Writer

WASHINGTON—President Johnson is threatened with the worst congressional defeat of his White House career on civil rights legislation. Ironically, the man he has all but formally rejected as his vice presidential running-mate, Atty. Gen. Robert F. Kennedy, is doing his best to stave it off by face-saving compromise.

The Senate filibuster on the legislation was proceeding fairly well along the Johnson-anticipated time-table until it was upset by the strong vote given to Alabama's Gov. George C. Wallace in northern and border state primaries. The pro-Wallace vote, cast on the sole issue of dissatisfaction with administration integration policies and programs, has stopped some wavering senators in their tracks.

Realistically, they assess the vote as a "back-lash" by white citizens to the push for Negro rights. In the hope that Wallace's vote-winning will continue, southern segregationist senators have doggedly continued their talkathon and stalled all efforts at compromise.

They figured that the longer the situation continued, the more concerned some doubtful Republican senators would be about voting for cloture, which would end the filibuster and assure passage of the bill.

So far, their strategy has worked. Pro-civil rights forces have been unable to muster the necessary two-thirds vote.

In all this maneuvering, Robert Kennedy has been the key administration official. He has been working on compromise amendments to the bill with Sen. Everett M. Dirksen, R-Ill., the minority leader. What ultimately emerges will be a Dirksen-Kennedy bill, not a Johnson bill.

Kennedy would not be working so hard to pull Johnson's chestnuts out of the fire were it not for two factors—loyalty to his party and to the memory of his brother.

● DINNER CIRCUIT—Congressman Charles S. Joelson of New Jersey is wary of invitations to sponsor various activities, even among his own constituents in an election year.

The other day, a constituent of his offered to provide him with a sports jersey, a bicycle and professional coaching if he would participate in a bicycle race between members of the Senate and House. In addition, the event would feature a dinner for the participants.

Joelson replied: "Since these meals will probably consist of chicken, one might say that I must 'chicken out' on your offer."

Joelson refuses to say, however, whether his decision was based solely on the menu or the pedal-pushing he'd have to do to pay for his meal.

● BOONDOGGLES REVISITED—Some years ago when Franklin D. Roosevelt was trying to stimulate the national economy by vast expenditures of government money, some newspapers around the country got a lot of mileage out of ridiculing some of the spending efforts.

These projects, which were designed to provide means of paying otherwise unemployed persons, sometimes had less than the ultimate in value received. They got to be known as "boondoggles."

The political value of ridicule hasn't been lost on Rep. Homer E. Abele, R-Ohio. Even in these prosperous times, Abele contends, the device of the boondoggle continues to be an ever-present thing. To prove it he cites the following government-sponsored spending programs: Frog spotting patterns—\$14,700; eye and brain development in the mosquito—\$119,000; Tagalog Social Organization—\$35,000, and family functions in contemporary China—\$54,700.

Key Democrats, Welsh Confer

INDIANAPOLIS UPI —Governor Welsh still has not decided whether to get involved in the scramble for the Democratic nomination to succeed him.

"I am trying to make up my mind if I should inject myself

into it," he said Thursday following a daylong series of meetings with key county Democratic chairmen.

The group included the chairmen of most of the 11 counties which have enough votes to control the party's June 12 state nominating convention. He had conferred earlier with the chairmen of the other counties with large numbers of delegate votes.

Welsh noted that the county chairmen during their separate conferences with him hedged in assessing the strength of the six candidates for the gubernatorial nomination.

He also said he found there was not enough interest among the party leaders in the 14 other states offices for which nominees will be chosen at the convention.

"There was very little inter-

est in any race except governor," Welsh said. "I have been pointing out that the ticket should be one with genuine strength all the way. This can't be done by last-minute thinking."

Even Ghastly Hand Is Worth Something

BY ALFRED SHEINWOLD

Some hands are so terrible that they're funny. North could hardly wait to put his hand down on the table so that everybody else could see what a terrible cardholder he was. Still, his hand was worth two tricks.

Opening lead — ♥ Q

South won the trick with the ace of hearts and showed that he knew which way was up by making the correct play at the second trick (Most declarers would show that they knew which way was down.)

The correct play at the second trick is a low diamond. When South regains the lead, probably by ruffing a third round of hearts, he must draw exactly one round of trumps. Then he cashes the ace of diamonds and gives up another diamond.

West can, return a trump, but he cannot remove both of dummy's trumps on one play. South can lead his last diamond and ruff it in dummy, thus getting one trick out of the North hand.

ENTRY IS GOOD

Winning one trick in the North hand is actually good for a second trick since declarer is able to lead a club from dummy to take the club finesse. That finesse succeeds, and the contract is home.

It's interesting to see how South goes if he makes some of the other reasonable plays at the second trick. For example, South might start with the ace of diamonds and a low diamond. West could win the second diamond, take the third diamond, and lead a fourth diamond to allow his partner to over-ruff dummy.

Another way to go wrong is to lead a trump before starting the diamonds. When West gets his first diamond trick he leads a second round of trumps; and when he gets his second diamond trick he leads a third trump. That kills dummy's ruffing power.

CATCHING RECORD

CHICAGO UPI — When Gabby Hartnett was with the Chicago Cubs he caught 100 or more games per season for 12 years, eight of them consecutively, for a major league record.

Saffron is the world's most expensive spice.

SEE MUSICAL REVUE AT WORLD'S FAIR DU PONT PAVILION

Richard Parker, Eddie Huller and Howard Miller (from left to right) from Fillmore, step out on the terrace of the Du Pont Pavilion at the New York World's Fair after enjoying a performance of Du Pont's gay musical revue, "Wonderful World of Chemistry." The show, written, produced and directed by Broadway's Michael Brown, runs the gamut from song-and-dance production numbers and a lavish fashion show to excitingly theatrical demonstrations of chemical magic.

Facts, Figures Of Today's 500 Race

INDIANAPOLIS UPI—Facts and figures on the 48th annual 500-mile Speedway auto race:

Place — Indianapolis Motor Speedway

Field — The 33 fastest cars in qualifications.

Defending Champion — Parnelli Jones.

Race record — 143.137 miles per hour; Jones, 1963.

Top favorites — Jimmy Clark, Bobby Marshman, Parnelli Jones, Rodger Ward, A. J. Foyt.

Starting time — Noon, EDT.

Total purse — \$500,000 estimated, with about \$155,000 to the winner.

Probable attendance — 300,000 estimated.

Weather — Partly cloudy and cool, high in 60s.

Radio coverage — Speedway network of more than 500 stations plus Armed Forces overseas network.

Television — Closed-circuit coverage in more than 100 cities; radius of 250-mile black-out around Indianapolis, except Chicago.

Pickpockets Active At Parade

Pickpockets are at work in Indianapolis. Police have warned residents and thousands of visitors arriving here for today's 500-Mile Race to beware of the sleight-of-hand artists.

An El Paso, Tex., man, William E. Boys, told police his pocket was picked last night as he viewed the 500-Festival parade from a reserved seat on the south side of Monument Circle.

Another victim last night was Joseph McGowan, 4555 N. Delaware, who told police two men "sandwiched" him as he boarded a North Meridian bus on the Circle. Missing was his wallet containing \$90 and important personal papers, he said.

Grudge Battle

PARIS UPI — The men's singles finals of the French International tennis championships shapes up as a grudge battle between Italy's Nicola Pietrangeli and Manuel Santana of Spain.

In 1961, Santana ruined Pietrangeli's bid for a third straight title here with a five-set finals victory.

FIRST ACROSS

DOVER, Eng. UPI — Capt. Matthew Webb of Great Britain was the first person to swim the English Channel, in 1875.

NICKNAMES

COLUMBUS, Ohio UPI — Jack Nicklaus, the Masters and PGA champion, is known to his pro golf rivals as "Baby Beef" and "Ohio Fats."

The first U.S. canoe club was founded in 1871.

Speedway Race Tires Are Babied

During the month of May at the Indianapolis Motor Speedway tires are treated like babies, their every move being charted and checked.

The temperature of the tires — all across the tread — are taken immediately after a driver comes in from a practice run, just like a baby, or any other human being, if a tire has an excessive temperature something is wrong in the way the driver is driving or the way the car's chassis is set up.

Temperatures normally run at an average of about 200-225 degrees during the race. Anything over 275 degrees is critical, according to tire engineers.

35 States To See 500

The 500-Mile Race will be shown on closed circuit television tomorrow for the first time.

theaters, auditoriums and sports arenas in 35 states, the District of Columbia and Canada at a cost of \$1 million.

Revenue from the production is expected to be between \$3 and \$4 million. The seating capacity of these 136 sites is between 600,000 and 700,000. Tickets are selling from \$3 to \$10.

Residents of Indiana and parts of Illinois, Ohio and Kentucky will not be able to see the telecast since this area has been blacked out.

Meaning Of Flags At Speedway

What do the flags mean?

The most famous of the flags used at the Speedway is the checkered flag, and it means "You have finished the race." If a driver gets the checkered flag before anyone else, it also means he has won the race.

The green flag (or light) starts the race and indicates the course is clear.

The yellow flag (or light) means drive with caution and maintain position.

Other flags used are:

Black — Stop for consultation.

Bright blue with diagonal orange strips — Car is attempting to pass you.

White — You are starting last lap.

Red — Stop: Race is halted.

Spinout At 20 Is Far From 160

Nine years ago this summer a young fireball from Pottstown, Pa., made one of the most embarrassing debuts in auto racing history.

He spun out at the Reading (Pa.) Fairgrounds while running 20 miles per hour in last place of a "slow heat race."

"I must have set some sort of track record," says Bobby Marshman laughingly today. "I don't think anybody ever spun out going that slow. But I was only 18 and very nervous."

Tomorrow the former Speedway rookie of the year (he shared the honor with Parnelli Jones in 1961) shoots for the biggest single prize in sports—victory in the 500-mile Race and a possible \$200,000 pay-off.

31 Drivers Killed Since First Race

Thirty-one drivers have lost their lives on the Indianapolis Motor Speedway since the 2½-mile track had its first race in 1909.

The total of drivers, mechanics, track personnel and spectators who have died at the track stands at 54.

This year no drivers were killed during practice or in qualification attempts although there were several spectacular accidents.

One death attributed to the Speedway was that of an 11-year-old boy who was not inside the grounds.

Slow Driver In Trial Is 'On Bubble'

On the final days of qualifications, the slowest cars in the field are likely to be "bumped" by faster qualifiers.

The car in the most danger of being eliminated is "sitting on bubble" in the lingo of the pit crews. If it is bumped, the bubble bursts.

5 PENALIZED BY RACING BOARD

COLUMBUS, Ohio UPI —The Ohio Racing Commission penalized five persons Thursday in the last session of a five-day hearing on alleged race fixing at Scioto Downs harness track near here.

The commission also denied a 1964 license to Samuel Calli, North Vernon, Ind., who was one of those named by the U.S. Trotting Association as being involved in the case. The commission said Calli did not appear for a hearing.

It appeared the hearings may result in several rules changes for Ohio tracks, including filming of all harness races.

48 Persons Die In Accidents

By United Press International
A United Press International count at 2:30 p.m. EDT showed that 48 persons had been killed in traffic accidents since the start of the holiday at 6 p.m. Thursday.

Three Straight Wins

Blue Crown Spark Plug Specials win three consecutive 500-Mile Races. Mauri Rose drove one of them to victory in 1947 and again in 1948. Bill Holland was at the wheel of the winner in 1949.

Six-Cylinder Victor

The last six-cylinder car to win the 500-Mile Race was George Robson's Thorne Engineering Special in 1946.

Brickyard

An estimated 3.2 million bricks were used to pave the Speedway in 1908 and 1909. Today only a strip of brick a yard wide remains at the finish line.

Six-Wheeler Is 12th

In 1948 Billy DeVore drove a six-wheel car to 12th place in the 500. It was called the Pat Clancy Special.

Front-Drive Winner

The last front-drive car to win the 500 was Bill Holland's Blue Crown Special in 1949.

BROWN BOMBER

DETROIT UPI — Former heavyweight boxing champion Joe Louis was floored a total of 10 times during his career.

SMART BASEBALLER

LOS ANGELES UPI — Infielder Marv Breeding of the Los Angeles Dodgers earned a bachelor of science degree in physical education at Howard College in Birmingham, Ala.

LEFTY SHORTSTOP

PHILADELPHIA UPI —The Philadelphia Phillies used a left-handed shortstop named Bill Hulen in 73 games during the 1896 season.

BUSY BOXER

CHICAGO UPI — In 1912, Johnny Coulton defended his world bantamweight boxing championship in 20-round bouts twice within a space of two weeks.

New Lake For Indiana Soon

INDIANAPOLIS UPI — A new lake in Crawford and Perry Counties of about 500 acres is headed for creation as a result of action taken Friday by Governor Welsh and state budget

director Jack Booher.

They authorized the expenditure of \$175,000 to buy land for the proposed lake created by damming Stinking Fork of Little Blue River.

But the State Flood Control and Water Resources Commission, which is in charge of the project, doesn't like Stinking Fork for a name and refers to

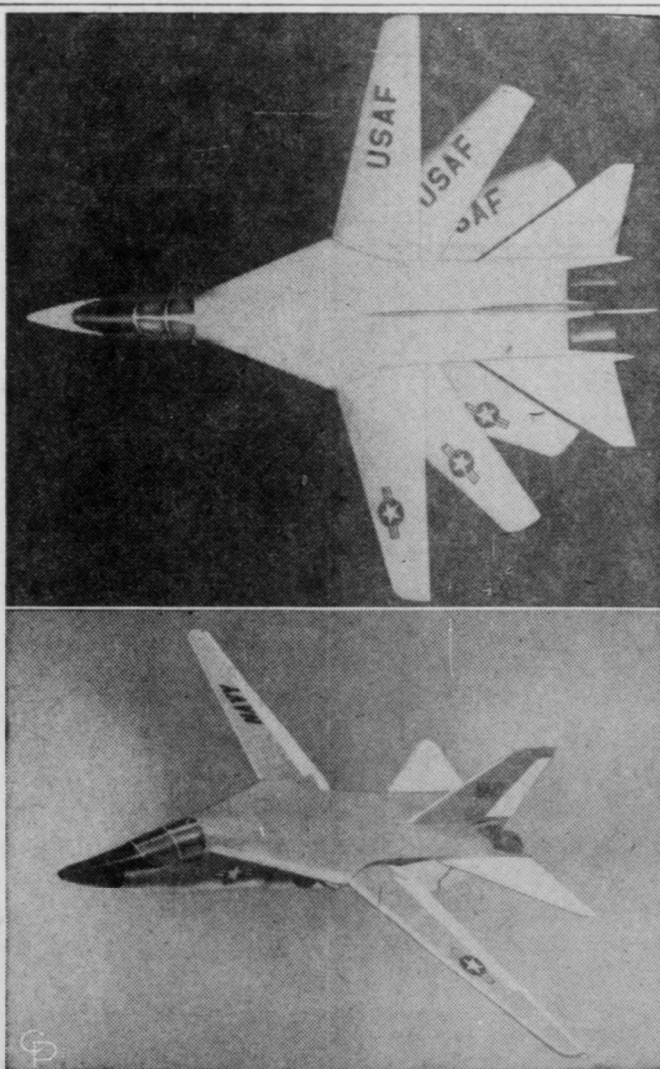

it as the Sulphur Springs Project.

Total cost is estimated at \$1.4 million.

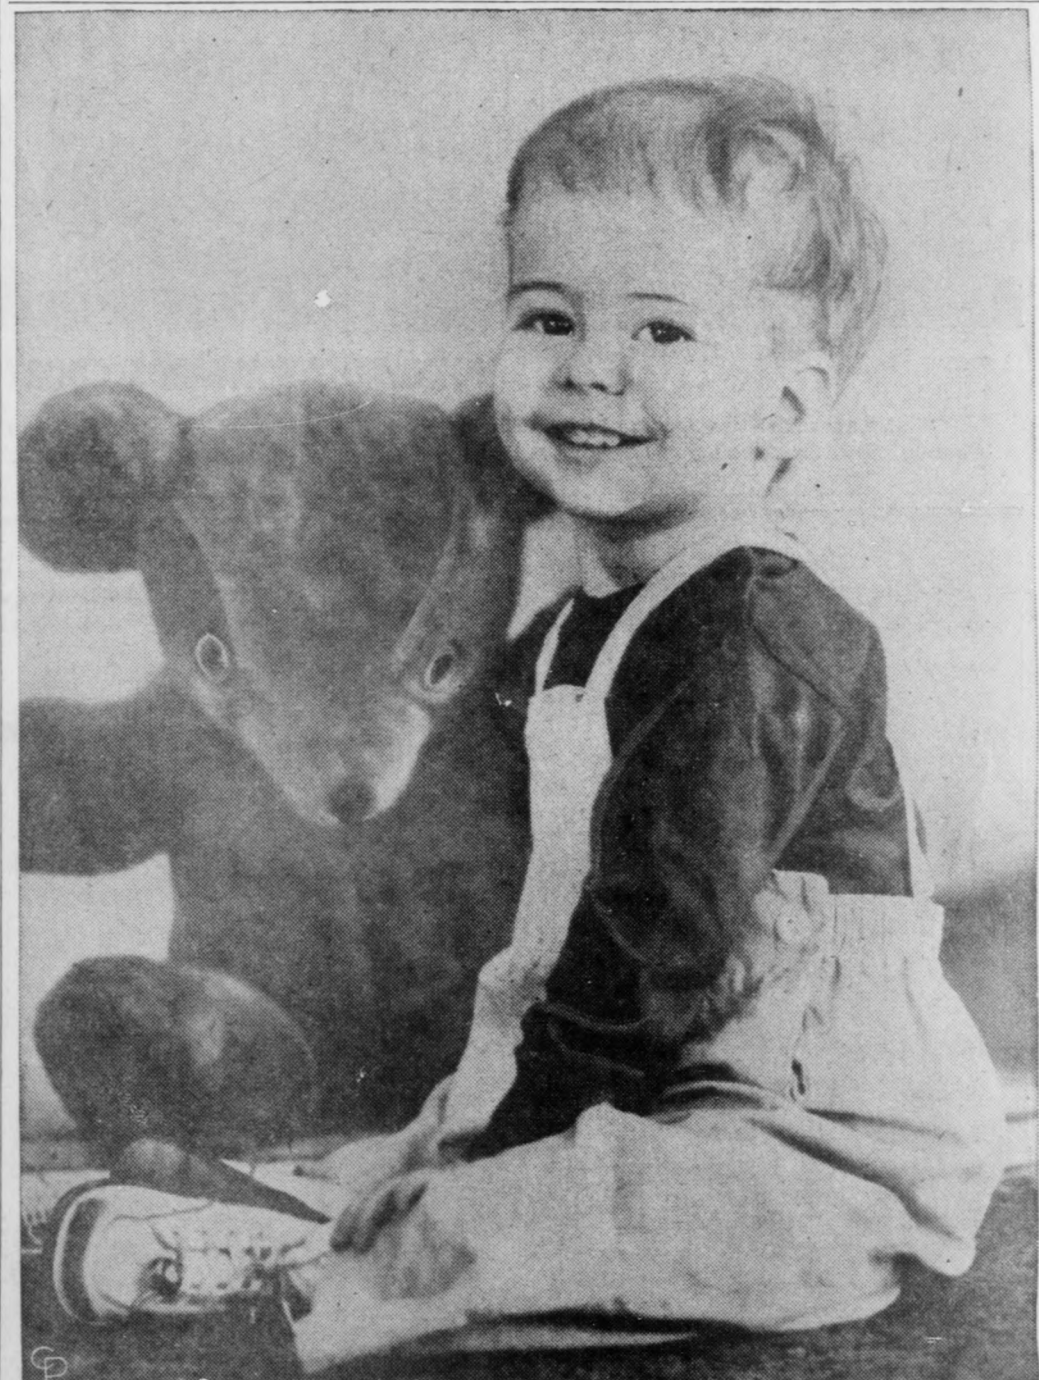

A future reservoir included in the commission's proposed 1965-67 budget calls for \$1.8 million for Brookville Reservoir, and \$4.3 million for the Eagle Creek flood control project in Marion County and smaller projects.

HEART FUNDERS—This happy foursome razzes it up a bit before teeing off in Ardmore, Pa., for benefit of the Heart Association of Southeastern Pennsylvania. From left: Ray Bolger, Arnold Palmer, Jimmy Demaret, and former President Eisenhower. It cost some patrons \$400 and some \$50 to see Ike and Arnie win 3 and 2.

THAT TFX—Here are two models of that TFX plane whose contract to General Dynamics caused a congressional investigation. Top: The wings being moved from fully extended to swept back position. Lower: In flight. It is a two-man tactical fighter for USAF and Navy, powered by two Pratt and Whitney turbo-fan engines. It will carry either conventional or nuclear weapons.

THAT SMILE IS THEIR REWARD—Eighteen-month-old Dean Mienem, Waukon, Iowa, has survived a series of open heart operations to repair a hole in his heart, during which he was given a 50-50 chance to live. He is one of the youngest children in the world with a plastic patch in his heart. That smile is reward enough for scores who helped keep him alive.

CHANGING BREAKFASTS

ANN ARBOR, Mich. UPI — Automation in business and industry is changing American breakfast habits, say dietitians at the University of Michigan Medical Center. Many jobs which used to be physically demanding, for example, have become almost sedentary.

Thus, say the dietitians, food intake has had to adjust to the slower pace—and people are cutting down on the quantity of food eaten in the morning. One danger they see: a person may fail to maintain a good nutritional balance at the first meal. The basic breakfast pattern consists of fruit, cereals or egg, milk, bread and butter.

SUNDAY

In The Churches

In Memoriam

They have not died in vain...those who paid with their lives the last full measure. Today, Memorial Day, is the day to remember Lexington, Gettysburg, Santiago Bay, Chateau Thierry, Coral Sea, Okinawa, Palermo, Normandy and Korea. We need only to look at the cemeteries of the world to realize the supreme sacrifice that was called for, that we might be secure. It called for the giving of life itself for many a man; for untold sorrow and heartache for friends and loved ones. As they bravely died, so we must bravely live. God has a destiny for us, for America, and only eyes of faith can read that destiny. Each drop of blood spilled from Bunker Hill to Iwo Jima, is a deposit in the bank of our country. One hundred sixty-five million Americans can do no less than dedicate ourselves anew. With our Alabaster Ointment of thankfulness, let us nobly remember those who laid themselves between our country and her foe. This is Memorial Day.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that the family and the nation are shaped with the strongest religious character. In the church the ministerial are the affairs of state in these perilous times. Then we form a combination for good. Be a regular churchgoer and a daily Bible reader.

Federal Agent Pleads Innocent

CHICAGO UPI — Abraham Bolden, Secret Service agent charged with trying to peddle a confidential counterfeiting file for \$50,000, pleaded innocent in Federal District Court.

Judge Joseph Sam Perry set a June 12 date for hearing motions in the case.

Bolden, 29, has charged that the case against him is a frame-up in retaliation for his determination to testify before the Warren Commission on the conduct of Secret Service agents during the late President Kennedy.

Bolden, the only Negro agent ever assigned to the presidential detail, charged that agents drank heavily and used official cars to ferry girl friends. The Secret Service denied the charges.

Polish Is Fatal

SYRACUSE, N.Y. UPI — Randy McKerchie, 18 months, Griffith, Ind., died Wednesday in a Syracuse hospital, five days after he swallowed furniture polish. The child, son of the William McKerchie, was visiting his grandparents, the Paul Putrells, in suburban Lakeland.

DEFINITION

LOUISVILLE, Ky. UPI — A "rail lugger" is a race horse that like to run close to the rail.

RAKE GENTLY TO SAVE LEAVES

...with a New Holland Model 56 Rake!

Low repair costs, too! No belts to stretch or slip, no chains to snap, no pulleys to bend and break!

The basket on the Model 56 is scientifically designed to move hay only half the distance of conventional rakes. Less movement means less leaf loss. And New Holland's gent's Rolabar action always makes light, fluffy windrows—for fast, uniform curing.

An offset wheel arrangement protects the teeth and gets more hay when basket sweeps into low spots. Exclusive 100-acre lubrication eliminates routine servicing, lets you make the most of your time in your busiest season!

The Model 56 is now available with optional rubber-mounted tines that take 20 times the flex strain of heavy steel tines, without breaking. 47% stronger than the next-strongest rubber-mounted tine!

See us soon. Ask for a demonstration.
